- Friendly Work Environment

Responsibilities

- Prepare EPA, DPR, and FDA submissions
- Negotiate with regulators on behalf of client(s)
- Develop regulatory strategy unique to each client
- Follow national and international regulatory issues
- Regulatory compliance review:
 - label/technical reports
 - marketing material
 - safety data
- Manage relationships with EPA, DPR, FDA, and other regulatory agencies
- Provide external training
- Create/review SOPs and validation documentation
- Perform client/lab audits
- Participate in trade association meetings
- Travel – 0 to 4 overnight trips/month

Qualifications

Required:

- BS Technical Degree
- General knowledge of EPA GLPs
- Strong leadership skills, excellent written and verbal communication, and attention to detail
- Innovative problem solver
- Computer skills including Microsoft Suite

Preferred:

- EPA FIFRA experience
- Previous experience with government regulatory agencies
- 5+ years of experience in regulatory affairs
- Knowledge of:
 - EPA/DPR regulations and standards
 - FDA and GMPs
 - Canada and EU regulations
 - Fertilizers and plant/soil amendments
